STATEMENT FOR MATERIAL MANUFACTURE

N° NOR/AMEX/CBE/2024/03 Rev 00

BV Job Nr: IND.CO.4.23.0269-IPC

Products and Materials covered

Product Description	Material Grades	Thickness Qualification (mm)	Weight Qualification (Kgs)	Manufacturing Summary Reference
Hand Mould Sand Castings	Norsok M-630 :2020 MDS D56 Rev. 6, ASTM A995 Grade 5A , (UNS J93404)	Up to 90 mm	All	NORSOK-MS-03 Rev 01 Dated 10-09-2024

APPLICATION REQUIREMENTS:

1. This statement on material manufacturing does not absolve the purchaser of their responsibility to confirm that the qualification applies to their products, as per the essential variables defined in NORSOK M-650 / NORSOK M-630.
2. The supply of qualified products must meet the inspection documentation requirements of EN 10204 Type 3.1/3.2, as specified by the purchaser.
3. The production test sample must comply with the relevant Material Data Sheet (MDS), subject to the purchaser's discretion.
4. If any significant changes occur in the production route or manufacturing process—such as major modifications to equipment, manufacturing methods, or heat treatment—re-qualification must be performed in accordance with NORSOK M-650 Ed. 4, Clause 8.2.
5. Each production facility must undergo separate qualification if manufacturing takes place at multiple locations. This also applies when transitioning from in-house production to subcontractors or changing subcontractors for critical operations like heat treatment.
6. Non-Destructive Testing (NDT) operators must be qualified in accordance with NS-EN ISO 9712 or an equivalent standard, as required by the purchaser.
7. Heat treatment furnaces must undergo annual temperature uniformity surveys following API Spec 6A Annex M, ASTM A 991, or equivalent standards, as well as NORSOK M-650 Ed. 4 Annex B.
8. This statement is issued upon successful completion of the qualification process in compliance with NORSOK M-650 Ed. 4 and NORSOK M-630:2020.
9. This statement is based on the manufacturer's requisition letter AMEX/BV/07/01, dated July 09, 2024.
10. The acceptance of Quality Test Reports (QTR) is at the discretion of the purchaser or buyer.
